OUR ORGANIZATION

We are an independent non-profit liberal research center, formed up by professionals, young people, opinion leaders, academics and public intellectuals in Chile.

REGIONAL VOCATION

Aware of the need of decentralizing the debate and reflection on a free society, FPP has started up a regional expansion plan through collaborative work with organizations all around Chile; creating a network of three influence centers in Valparaíso, Santiago and Concepción and the access to contents through online courses, digital resources and activities all around the country.

OUR GOAL

To drive a cultural change that will make it possible for each person to maximize talent and life project development with no restrictions other than the respect for other people's dignity.

WHY

Our vision of society

We believe that progress is finding out what we still don't know... And this discovery may only take place in profoundly free spaces.

The wealth human beings hold only flourishes when they find it possible to deploy their uniqueness, in a spontaneous order of voluntary and peaceful cooperation.

WE INVITE YOU...

To play an active role in promoting and disseminating free society.

To inform yourself in our social networks, participate in our activities (contacto@fppchile.org) and join us as a benefactor (amigos@fppchile.org).

OUR BELIEFS

THE VALUE OF HUMAN BEING

PERSONAL FREEDOM AND ACCOUNTABILITY

RESPECT, TOLERANCE AND DIVERSITY

CIVIL SOCIETY

FREE ECONOMY AND COOPERATION

PEACE

SKEPTICISM TOWARDS POWER

THE RULE OF LAW

WILLFUL INTERACTIONS AND FREE AGREEMENTS

LIMITED STATE AND ACCOUNTABLE GOVERNMENT
